EDUCATION

2023 – 2027	B.Tech Information Technology, Government College of Engineering Karad (CGPA: 8.0/10)	
2021 – 2023	HSC, Brillint English Medium School and Junior College,Wagheri	(81.50%)
2020 – 2021	SSC,Sou.V.D.Shinde Highschool,Gadhinglaj	(98.60%)

TECHNICAL SKILLS

Programming Languages: C, C++,HTML, CSS, SQL, Python,Java

Coursework : Data Structures and Algorithms, Object-Oriented Programming, DBMS,
Computer Networks

INTERNSHIP AND TRAINING

IFS India Mercantile Pvt Ltd., Pune(python) (June 2024- July 2024)

IFS India Mercantile Pvt Ltd., Pune(React Native,Javascript) (June 2025 – July 2025)

PROJECTS

AI Daily Planner System

Developed an AI-based daily work planner system using core artificial intelligence concepts. The system is designed using **Markov Decision Processes (MDP)** for decision-making and **STRIPS-based logical planning** for task scheduling and goal-oriented planning, enabling efficient and structured daily activity management.

Smart_Hire AI – Resume Ranking Engine using NLP

Developed an **AI-powered resume ranking system** using **Python, SpaCy, Scikit-learn, and Flask** to automate resume screening. Applied NLP preprocessing (tokenization, stopword removal, lemmatization) and used **TF-IDF vectorization** for matching resumes with job descriptions. Implemented a scoring algorithm to rank candidates and built a Flask web app for resume upload and result display.

ACHIEVEMENTS

- Participated in inter-college dance competition arranged by college (First Rank)
- Participated in inter-college Ideathon competition arranged by IT department (First Rank)

CERTIFICATION

- IIT Bombay- C and C++ Certification
- Python Certification from Great Learning platform
